<b>Jesus' fulfillment</b>	Jesus is the Word who created the world., the last Adam who dwells within his people by his Spirit, and brings true rest in the New Creation, our true husband.	Jesus is the serpent crusher who bore the curse of sin, and unites the nations scattered at Babel.	Jesus is the fulfilment of the Abrahamic promise, the one true offspring who brings blessing to the nations.	Jesus is the true priest & once for all passover lamb sacrifice, the true Israel who fulfils the law and brings the new Exodus, through redemption from sin.	Jesus is David's greater son, the Christ, the true temple, the king who was obedient to his Father and rules forever.	Jesus is the New Adam/Israel/David and the true temple. He brings about the new covenant and new creation.	Jesus brings about the fulfilment of God's promises by his life, death, resurrection, ascension and outpouring of the Spirit. The beginning of the promises began in Jesus' first coming, but will be completed in his second coming.
